Patient and Family Advisory Council

It Takes A Team

The Patient and Family Advisory Committee (PFAC) partners with patients and families to improve the quality of care RMH provides. The patient/family healthcare experience and unique perspective helps us, as care providers, better understand how to gain effective partnerships and transform the RMH culture toward a patient-centered care to better meet the community's healthcare needs.

My MEDICATION List

In the interest of providing you and/or your family the highest quality care, Ransom Memorial Hospital encourages you to carry a complete list of your home medications with you at all times.

An updated medication list reduces confusion and saves time.

Emergencies can occur and this information is critical for your healthcare provider/s to avoid interactions, duplications and/or omissions.

RANSOM MEMORIAL HOSPITAL

Close to home. Close to your heart.
